## ACAPS

**Directions:** Using the ACAPS method for primary source analysis, answer the following questions.

**AUTHOR** - Who created the source? What do you know about this person or his/her point of view? How might this affect the source's meaning?

**CONTEXT** - When and where was the source created? How might this affect its meaning?

**AUDIENCE** - For what audience was this source created? How might this affect its meaning?

**PURPOSE** - For what reason was this source created? How might this affect its meaning?

**SIGNIFICANCE** - What can be learned or inferred from this source? What is its main idea? Why is it important?
